

Economic Development Special Projects Coordinator Job Description

Overview: Beyond Housing is a nationally recognized community development organization that works to strengthen families and transform underserved communities to create a stronger, more equitable, and prosperous St. Louis region for all. We engage where we're needed, focusing on building consensus among leaders, providing and preserving housing, fostering community structures that shape lives, and guiding systems that make people's lives better.

We lead with vision for what a community can be ~ every community is different, but thriving communities tend to share the same basic set of positive traits regarding housing, safety, education, health, infrastructure, and access to basic human services.

We bring together leaders and resources, volunteers and citizens, and pursue a wide assortment of creative approaches to build stronger, healthier communities for life.

Finally, we are community builders, not kingdom builders. "It's their neighborhood, future, & dreams". Our objective is to help build, and contribute the good things we do for the sake of adding value to the lives of the people we're honored to serve.

Beyond Housing's 24:1 Initiative, which stands for **24 communities with one vision: strong communities, engaged families and successful children**, is an innovative, place-based community development initiative created to help solve the serious challenges facing residents and communities within the geographic boundaries of Normandy Schools Collaborative (NSC) in a complete and targeted way. This initiative is inspired by 10 years of successful work by Beyond Housing and its partners providing support and improvements in the City of Pagedale.

Position: The Economic Development Special Projects Coordinator is responsible for economic development project assistance, asset management, external partner relationships and certain administrative tasks. This position will manage and perform assigned projects from planning through completion of execution.
